

## **REAL. TEXAS. SERVICE. CHAMPION**

### **Officer Roye Long, Police**

Officer Roye Long joined the Mesquite Police Department in 1989 and has served the department in a variety of roles. In his current position as a School Resource Officer, Officer Long helps ensure the safety and welfare of Mesquite ISD students and staff.

Having true dedication to the students he serves, Officer Long has already launched two initiatives to build character while helping the community. The Berry's Integrity Group provides students the opportunity to participate in community service projects and report concerns that impact their school.

Officer Long also encourages high school students to meet early on Saturday mornings to help prepare meals for the homeless at the Salvation Army through his "Feed the Homeless" initiative. This program has been a tremendous success, expanding to four out of five high schools in Mesquite. He is a great asset to the Mesquite community and serving as a role model to our youth.
