## Selective Traffic Enforcement

These are areas that have been submitted to Police as areas of concern for speeding from residents. The Police department works with Traffic to analyze these areas and assign selective traffic enforcement to monitor these areas for a defined period of time. It helps the Police department have more success if complaints are passed along with a specific time of day the violation occurs so targeted violators are caught. These are cross streets for reference but the actual enforcement zone may be extended around the area.
